

- Verse 1

Whether at your feet I rest
or in the cave I dwell
I just want to meet with You
And know You well
Whether on the mountain high
Or valley low
Lead me in the way Your river flows

- Chorus

Speak to me
I want to hear your voice like thunder
Your glory to fall like rain
I want to feel the weight of wonder
Spirit speak to me

- Verse 2

When fear and uncertainty
Stand so tall
Your tender-hearted love
Breaks down my walls
Your comfort through the storm
Is all I need
Your presence in the chaos is my peace

- Chorus x2

- Bridge

In the stillness
You are with me
In the wild You are there
And in my wandering
You'll never leave me
So let Your voice be
All I hear
x2

Oh Speak to me
I can hear You speak to me

- Chorus x2
